

I, Big Brother, am always *watching you*. You must remember that with *every success, every achievement, every victory, every scientific discovery, all knowledge, all wisdom, all happiness, all virtue* from me are held to issue to directly guide and inspire you. With *power and infallible cures*, Oceania will always succeed and gain victory. There is no question.

As we all know, Hate Week is approaching and many devoted members of the party have already started putting banners up. Hate week is the week to channel your hatred and direct this energy to our enemies. Let us use this energy to good use and not waste it in any shape or form. This doubleplus good act will unite everyone in the party and bind everyone into one. With this absolute power in the palm of our hands, there is only so much we can do.

As Hate Week requires a great deal of preparation, *working hours will be increased in anticipation of it*. During Hate Week, we honour the *speeches, the shouting, the singing, the banners, the posters, the films, the waxworks, the rolling of drums and squealing of trumpets, the tramp of marching feet, the grinding of the caterpillars of tanks, the roar of massed planes, the booming of guns*. This *great orgasm will quiver to its climax and the general hatred of Eurasia will boil up into such delirium*. *Volunteer to prepare the street for Hate Week! Stitch banners! Paint posters! Erect flagstaggs on the roofs! And sling wires across the street for the reception of streamers!* I am always watching you...so honour me and use your rage to attack our opposition, Goldstein.

Emmanuel Goldstein is the enemy here. Hate Week is the week where you all, citizens of Oceania will vent your existential anguish towards Goldstein. He betrayed the party! He is a coward and a good for nothing traitor. Traitor! He is a threatening wormy, slimy monster. I order you all again to channel your hate towards him. Curse his name! Ruin it! Shout! YES YES YES. LOUDER! With this energy we will crush him. Smash him. Stomp him all out. He is the enemy of Oceania who rebels against the rules of the party. Shout his name with rage! Louder! The noise emitted here depicts how treacherous and dangerous of a man Goldstein is. We all must blame Goldstein for threatening our populace. The bombings that take place here, and the terrorist attacks that are all caused by Goldstein's followers. Goldstein is hurting us. He is hurting Oceania like a dangerous disease that spreads and causes you pain and impair your eyes, your thoughts. He incapacitates everyone in the party. MONSTER! We the people of Oceania and our allies will not rest until Goldstein is stopped. Until the final victory has been achieved.

Comrades of Oceania, we will be stronger than ever thus this is why I urge you to take part in this movement. The movement that will help you gain ultimate power and strength. The movement which results in the utmost satisfaction of the party.
